**The Marcus Garvey and Universal Negro Improvement Association Papers, Vol. IV** Marcus Garvey, 2023-09-01

The fourth volume of the Marcus Garvey and Universal Negro Improvement Association Papers marks the period of deepening crisis in the UNIA's political and economic fortunes. After September of 1921, membership declined and morale in the UNIA began to weaken. Underlying it all, however, was the final failure of the Black Star Line that resulted when negotiations with the United States Shipping Board for the purchase of the long proposed African ship collapsed in March 1922. The movement also suffered a major setback when the first Liberian colonization plan aborted in the summer of 1921. On the political front, Garvey's African program had to compete with W.E.B. Du Bois's Second Pan-African Congress. There were also major shifts in Garvey's political strategy during this period, his speeches reflecting a desire to placate the U.S. government, while simultaneously assailing his left-wing critics for promoting social equality. This disavowal of radicalism earned him further enemies on the left. One of his chief black critics, Cyril V. Briggs, the leader of the African Blood Brotherhood, unwittingly supplied federal investigators with evidence that led to Garvey's indictment on charges of mail fraud in February 1922. By prosecuting him, however, the Department of Justice did not discredit Garvey in the eyes of his followers; rather, it temporarily strengthened his hold over the movement as the appearance of persecution intensified the loyalty of the UNIA membership. But later in 1922 Garvey did lose favor among many of his followers when it was disclosed that he had met secretly in Atlanta with the Acting Imperial Wizard of the Ku Klux Klan. What Garvey had thought was a diplomatic triumph proved instead to be anathema to most blacks. At the Third UNIA Convention in 1922, Garvey repudiated the entire executive council of the UNIA, while expressing his anger at plots against him from within the UNIA leadership. Loyalty to Garvey thus became a more urgent issue than ever before. But although Garvey was once again able to silence his critics within the UNIA, the price was to be a badly fractured and demoralized movement. At the same time, his political adversaries outside the UNIA were steadily gaining ground against him. As meticulously documented as the three previous volumes, Volume IV provides the first extended record of Garvey's emergent social philosophy, particularly as it relates to his conception of racial purity and the metaphysics of the human condition. It stands as an impressive record of the Garvey

movement.

*The Romance of Small-town Chautauquas* James R. Schultz,2002 In *The Romance of Small-Town Chautauquas*, James Schultz offers a unique pictorial study of a cultural movement that started in 1904 and spread across the country. For almost thirty years, tent shows known as chautauquas brought popular education and entertainment to small towns in America from coast to coast. With more than one hundred photographs and other illustrations from the era, the book presents a captivating overview of the tent chautauqua movement from its inception to its demise in 1932. These traveling chautauquas--which were an outgrowth of the lyceum movement--evolved in the early part of the twentieth century. Keith Vawter, owner of the Chicago branch of the Redpath Lyceum, came up with an idea that would bring to rural America the same quality of lectures and other forms of entertainment that were available through the lyceum. His concept was a circuit of traveling tents that moved from town to town. Vawter named his traveling circuits chautauquas, modeling them after the Chautauqua Institution in southwestern New York State, an intellectual community with summerlong programs of lectures, seminars, and workshops. Tent chautauquas offered a variety of cultural events by politicians, writers, and theologians, filling a void in the lives of rural residents who did not have access to the array of talent available to city dwellers. *The Romance of Small-Town Chautauquas* contains many previously unpublished photographs that reflect the styles and customs of a bygone era, as well

as photos and anecdotes about many people of prominence who toured as speakers or entertainers. These included individuals such as President Warren G. Harding, Congresswoman Jeannette Rankin, ventriloquist Edgar Bergen, journalist and historian Ida Tarbell, poet Carl Sandburg, and many others. Schultz utilizes the existing literature on chautauquas, but he contributes much new information from the files of his father and uncle, both of whom were involved in the management of the Redpath Chautauquas, as well as interviews he conducted with individuals who remember attending chautauqua performances. Celebrating a fascinating chapter of America's cultural history, *The Romance of Small-Town Chautauquas* will appeal to students of American history and chroniclers of the entertainment industry.
